

Quality Policy

Truspoint Solutions Ltd is committed to delivering high-quality services in cleaning, harvesting, security, and maintenance. Our goal is to consistently meet and exceed customer expectations while complying with legal, regulatory, and contractual requirements. We recognise that quality is essential to business success and sustainability, and therefore we embed quality management into all aspects of our operations. **Policy Objectives**

Our Quality Policy is designed to:

- Provide services that consistently meet customer requirements and standards.
- Establish, maintain, and continually improve an effective Quality Management System (QMS).
- Ensure compliance with all relevant laws, regulations, and industry best practices.
- Build long-term, trusted relationships with clients through reliability, transparency, and performance.

Key Commitments

1. **Customer Focus:** Listen to our clients' needs, provide tailored solutions, and maintain open communication to ensure satisfaction.
2. **Service Excellence:** Deliver consistent, reliable, and professional services across all areas of operation, including cleaning, harvesting, security, and maintenance.
3. **Employee Competence:** Recruit, train, and retain skilled personnel, providing continuous development opportunities to ensure competence and professionalism.
4. **Compliance & Standards:** Meet or exceed all contractual, statutory, and regulatory obligations relevant to our operations.
5. **Continuous Improvement:** Monitor performance, gather feedback, conduct audits, and implement corrective and preventive actions to drive continual improvement.
6. **Risk Management:** Identify risks that may affect service quality and implement measures to mitigate them, ensuring reliable delivery to clients.
7. **Innovation & Best Practice:** Seek new methods, technologies, and processes that improve efficiency, safety, and customer satisfaction.
8. **Supplier & Partner Relations:** Work with responsible suppliers and partners who share our commitment to quality and excellence.

Roles and Responsibilities

- **Directors & Management:** Provide leadership, resources, and support to ensure effective implementation of this policy.
- **Supervisors:** Monitor performance, guide staff, and ensure service delivery meets company and client standards.
- **Employees & Contractors:** Deliver services professionally, follow company procedures, and contribute to continuous improvement efforts.

Communication

This Quality Policy is communicated to all employees, contractors, and stakeholders. It is made publicly available to demonstrate our commitment to delivering services of the highest quality.

Review

This policy will be reviewed annually or earlier if required by changes in legislation, client requirements, or company operations. The review will ensure continued suitability, adequacy, and effectiveness in supporting business objectives and customer satisfaction.
